

Local crime prevention in Sweden,

development the last two decades
and future challenges

Charlotta Gustafsson,
Swedish National Council for Crime Prevention
the Unit for Development of Crime Prevention

Sweden in short

- 9 million habitants
- 21 police authorities
- 290 municipalities

Local problems – local solutions

2008 Cooperation Agreements

- Initiating cooperation
- Mapping the local and analyzing causes to the problem
- Choosing appropriate interventions
- Implement
- Follow up /evaluate

Strategic Crime Prevention by the Police

- "Community policing"
- Problem-oriented policing
- Intelligence-led policing

1996 National strategy: "Our collective responsibility"

- Reduce “every-day” crime by focusing on the situation. For example the relation between alcohol and violence. (Where, when and how)
- Reduce the recruitment to criminal lifestyle (Who)
- Reduce the criminal activity among recidivists. (Who)

Future challenges

Collaboration with different goals
